Arm-A-Lite

Fluorescent Lamp Safety Sleeves and End Caps

- Reusable Light Shield
- Made from extruded polycarbonate
- Virtually unbreakable
- Provides protection from the dangers associated with broken fluorescent lamps
- Prevents phosphor contamination if breakage occurs
- Available in a variety of colors
- Can be printed for signage applications.

Arm-A-Lite fits securely over fluorescent lamps to contain lamp debris if the lamp is broken. The Arm-A-Lite sleeve meets OSHA requirements and complies with the FDA and USDA food processing standards.

Specially designed end caps provide a direct passage into the atmosphere for released gas and pressure.

Safe and reusable, Arm-A-Lite offers insulation for outdoor or low temperature applications and protects against dirt, dust and insects.
